

Higher resolution photos of selected coral reef target features taken from Heron Reef from June 25-30, 2006.

This is a supplementary material to the 2006 spectral library data of Heron Reef authored by: Chris Roelfsema and Stuart Phinn. Target names used in this document are consistent with the target names mentioned in the 2006 spectral library data of Heron Reef.

This document was created by Robert Canto (December 10, 2012)
