

# Spatial microclimatic variability and its impact on methane emissions during the non-growing season of Siikaneva, Finland

Katharina Jentsch (AWI, katharina.jentsch@awi.de), Lona van Delden (AWI), Julia Boike (AWI), Eeva-Stiina Tuittila (UEF), Timo Vesala (UH), Claire Treat (AWI)

**Next step:** Relate non-growing season CH<sub>4</sub> emissions observed at FluxWIN sites along the moisture gradient to biogeochemical and biophysical processes.
